Methodology for determining the consumer price indices

1484. SHRI KRISHNA KUMAR " BIRI At Will the PRIME MINISTER be ' pleased to. state;

(a) what are the existing series of index number to cover different groups of workers/people for purposes of price indices;

(b) what is the methodology for determining consumer price indices;

(c) in what ways the existing series of consumer price indices reflect thei changes in the cost of living of various groups of people in rural and urban areas; and

(d) what steps arc contemplated by Go vernment to build up a composite consu mer price index number series so as to properly assess the changes in the cost of living in rural and urban areas in the country?

THE MINISTER OF STATE IN THE MINISTRY OF LABOUR AND THE MINISTER OF STATE IN THE MINISTRY OF WELFARE (SHRI RAMJI LAL SUMAN): (a) The Central Government complies the following three series of consumer price index (CPI) numbers: -

(i) Consumer Price Index for industrial workers with 1982 as the! base year;

(ii) Consumer Price Index for agricultural labourers with 1960-61 as the base yttnrs; and

(iii) Consumer Price Index for urban non-manual employee with 1984-85 as the base year.

(b) The methodology broadly comprice determining of the basket of goods and services which represent the consumer expebditure pattern of the target popufa tion for which the CPI is to be compiled, and collection of consumer prices for the base year and subsequent months on a regular basis. The prices are collected from representative outlets which are patronised by the target population. All the three con sumer price indices are compiled en mon thly basis.

(c) The CPr measure's the change in the consumer expenditure of a fixed basket of items on account of changes in the consu mer prices of thejse items over a period of time with reference to the base year of the series.

(d) At prelsent, the Government does not contemplate building a composite CPI series for urban and rural population.
